Subject: Agenda item 6-H, 7/15 Council Meeting - In favor of Adoption of Resolution Approving the Jean Sweeney Open Space Park Mitigated Negative Declaration and Master Plan

Tuesday, July 15, 2014

Dear Mayor Gilmore and Council Members,

Thank you all so much for your tireless efforts and dedication to improving Alameda!

The Jean Sweeney Open Space Park project has come a long way since its inception, and has now reached the threshold of its true beginning - the Master Plan that will allow for and guide its development.

Our Parks & Rec Director, Amy Woolridge, conducted a thorough community outreach and vetting process to reach this point, gaining the trust and support of the community.

For these reasons, I hope you will adopt the resolution before you to approve the Jean Sweeney Open Space Park Mitigated Negative Declaration and Master Plan.

Sincerely,

Sherry Stoll  
1852 9th Street
